---

## Summary

Full-stack software developer with hands-on experience in Python, PHP, Django, and Java. Skilled in Selenium, Jira, Git, and database architecture. Proven track record in building scalable systems, optimizing code efficiency, and implementing secure data practices. Experienced in agile environments, with strong problem-solving and collaboration skills that enhance team productivity and deliver measurable results.

---

## Professional Experience

### PHP Developer Intern

*E-Prabidhi Pvt. Ltd, Kathmandu | Sep 2024 – Mar 2025*

- Contributed to multiple client web development projects, delivering features in PHP, Django, and REST APIs.
- Built and enhanced back-end modules and endpoints, improving functionality and system scalability.
- Refactored legacy code and optimized database queries, reducing average API response times.
- Assisted in debugging and resolving application issues, ensuring smooth deployment and user experience.
- Wrote unit and integration tests and supported CI checks, lowering regression defects between releases.
- Collaborated with QA and design teams to triage bugs, improving first-attempt deployment success.
- Authored developer documentation and READMEs, reducing onboarding time for new team members.

## Other Experience

### Junior Quality Assurance Officer

*Florid Laboratories Pvt. Ltd, Lalitpur | Feb 2022 – Jul 2024*

- Ensured GMP/SOP compliance by handling process validation, sampling, and maintaining documentation (BMR, QC records, stability samples).
- Performed in-process and final inspections, safeguarding product quality and regulatory adherence.
- Led sampling, validation, and CAPA follow-ups, minimizing recurrence of deviations and improving audit readiness.
- Supported production and R&D teams during audits, successfully closing audit observations with corrective actions.
- Implemented checklists and documentation controls, increasing accuracy and traceability of records.
- Strengthened cross-functional collaboration, enhancing workflow efficiency and ensuring consistent regulatory compliance.

---
